BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

APPLICATION OF CINCINNATI BELL)	
TELEPHONE COMPANY TO INTRODUCE PUBLIC)	CASE NO. 89-231
TELEPHONE MESSAGING ACCESS SERVICE)	

O R D E R

On December 15, 1989, the Commission issued an Order granting Cincinnati Bell Telephone Company's ("Cincinnati Bell") motion for reconsideration in this case. The Commission noted that the decision concerning adoption of the Federal Communications Commission Cost Allocation System was pending in Administrative Case No. 321.¹ On February 2, 1990, the Commission issued a schedule for discovery. Since issuing this schedule, the Commission has reached a decision in Administrative Case No. 321.

For this reason the Commission will grant Cincinnati Bell's request that the costs of developing Public Telephone Messaging Access Services ("PTMAS") and Voice Messaging Service ("VMS") should be assigned to Cincinnati Bell's regulated and non-regulated accounts, respectively, as per Cincinnati Bell's Part 64 Cost Allocation Manual subject to the conditions in the Commission's Orders in Administrative Case No. 321.

No data request will be issued nor will an informal conference be scheduled.

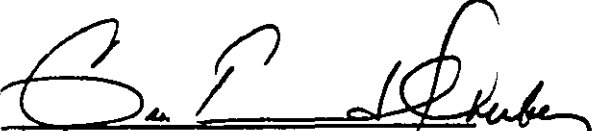

¹ Administrative Case No. 321, Separation of Costs of Regulated Telephone Service from Costs of Nonregulated Activities.

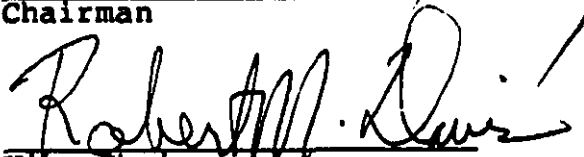

This Commission being otherwise sufficiently advised,

IT IS ORDERED that Cincinnati Bell's request that the costs of developing PTMAS and VMS should be assigned to Cincinnati Bell's regulated and non-regulated accounts, respectively, as per Cincinnati Bell's Part 64 Cost Allocation Manual and subject to further discussion of the allocation procedures in the Commission's Orders in Administrative Case No. 321 is granted.

Done at Frankfort, Kentucky, this 26th day of March, 1990.
